Epoxy Fiberglass Sheet

Shenyang Artisan Supplies Co.,Ltd

Artisan is a Chinese factory established in 2021, specializing in FR4/G10 insulation board, colored G10 insulation board, FR5/G11 insulation board, anti-static FR4/G10 insulation board, Epoxy resin cloth insulation board, 3240 insulation board, copper clad laminate FR4/G10 CNC processing products. We can develop and produce a variety of high-standard and personalized products according to customer needs.

Our products are mainly used in high-end insulation parts processing, FPC (flexible printed circuit board) reinforcement sheets, battery covers, planetary gears, transformer insulation baffles, electronic insulation parts, insulation gaskets, insulation washers, motors, generators, transformers, high-voltage switches and other electrical equipment, precision test fixtures, ICT test fixtures, FCT fixtures, surf fins, hydrofoils and other water sports equipment, knife handle materials, slingshots, golf forks and other outdoor sports goods, as well as transformer oil and other humid environments. Carbon fiber products have been used in many fields such as aviation, automobile decoration, precision machinery parts, high-end sports equipment and surface decoration, aircraft models, car models, etc.

Artisan Materials

Chinese Factory Since 2021

Customer Support

Do you have a question concerning Artisan, but don't know who to contact? We're here to help, and you can contact us in the following ways:

- Talk to us, Call us at +8615250334831 to speak to a Customer Support representative from 8:00 a.m. to 5:00 p.m. China time.

- Email us at

Product introduction

Epoxy Fiberglass Sheet Introduction

Epoxy Fiberglass Sheet is an extremely durable material constructed from layers of fiberglass soaked in resin, then oven baked after compression. Impervious to UV, moisture & liquid, flame resistant and physically stable under climate change.

Epoxy Fiberglass Sheet is used the world over in a variety of industrial applications as insulation material and as a high-end handle material due to its unrivalled toughness, low maintenance and excellent grip characteristics. Epoxy fiberglass sheet is also used as reinforcement parts in many sports equipment due to its flexibility.

Advantages

Epoxy Fiberglass Sheet is first quality with good structure, absolutely no foreign matter or defects of any kind, very closed thickness tolerance, flat and straight panel, smooth and clean surfaces.

- * Very bright color, especially suitable for fins application.
- * Absolutely no foreign matter or defects of any kind.
- * Very closed thickness tolerance, flat and straight panel suitable for CNC machining.
- * High flexural & impact strength.
- * Good structure with clear layer.
- * Customize color available.

Applications

High-end insulation parts processing, FPC (flexible printed circuit board) reinforcement sheets, battery covers, planetary gears, transformer insulation baffles, electronic insulation parts, insulation gaskets, insulation washers, motors, generators, transformers, high-voltage switches and other electrical equipment, precision test fixtures, ICT test fixtures, FCT fixtures, surf fins, hydrofoils and other water sports equipment, knife handle materials, slingshots, golf forks and other outdoor sports goods, as well as transformer oil and other humid environments. Carbon fiber products have been used in many fields such as aviation, automobile decoration, precision machinery parts, high-end sports equipment and surface decoration, aircraft models, car models, etc.

Specifications:

- 1) Usual Colors: Black, White, Red, Yellow, Blue, Orange, Olive Green, Gray, Brown and so on.
Multicolor is available, even 7 colors, like rainbow.
- 2) Thickness Range: 0.2mm to 200mm
- 3) Standard sheet Size: 1020*1220mm, CNC cutting to meet different size requirements.
- 4) According to CAD drawing, we can also process the finished handle to the customers.

Industry Standard

Standard	Code
IEC 893/ EN 60893 Grade	EPGC 201
ANS (NEMA) Grade NEMA Li-1	FR4
DIN 7735	Hgw2372
JIS Grade	EL-GEM
BS3953	EP-3

Technical data

Item	Unit	Result
Material	Epoxy resin + Glass fiber cloth	
Size	1020x1220mm	
Thickness	0.2 to 200 mm	
Temperature resistance	$\geq 150^{\circ}\text{C}$	
Color	green , yellow , black , orange , white,blue,red , 33+color	
Density	1.9 - 2.15g/cm ³	
Certification	SGS/UL/RoHS/ISO	
Vertical layer bending strength	MPA	≥ 340
Parallel layer tensile strength	MPA	≥ 300
Impact strength	KJ/ m2	≥ 60
Adhesive strength	N	≥ 8000
Insulation resistance	Ω	Normal: $\geq 1.0 \times 10^{12}$
		After water immersion: $\geq 5.0 \times 10^{10}$
Dielectric loss factor	1MHz, after water immersion 24 hour	0.04 to 0.05
Parallel layer withstand voltage	KV (In transformer oil $90^{\circ}\text{C} \pm 2^{\circ}\text{C} / 1 \text{ min}$)	≥ 35
Volume resistivity	$\Omega \cdot \text{M}$	$\geq 1.0 \times 10^{11}$
Vertical dielectric strength	MV/ m (In transformer oil $90^{\circ}\text{C} \pm 2^{\circ}\text{C}$)	≥ 16

Specifications

Product name : Epoxy Fiberglass Sheet
Color: Black, White, Red, Yellow, Blue, Orange, Olive Green, Gray, Brown, etc. or multi color .
Thickness Range: 0.2mm to 200mm
Standard sheet Size: 1020*1220mm

Price list

No.	Name	Image	Thick (mm)	Size (mm)	Unit (pc)	Qty.	Wt. (KG)	Unit Price (Ex-W) in USD
1	Epoxy sheet		1	1020×1220	pc	1	2.6	30
2			2				5.2	56
3			3				7.8	84
4			4				10.4	112
5			5				13.0	140
6			6				15.6	168
7			7				18.2	196
8			8				20.8	224
9			9				23.4	252
10			10				26.0	280
11			11				28.6	308
12			12				31.2	336
13			13				33.8	364
14			14				36.4	392
15			15				39.0	420
16			16				41.6	448
17			17				44.2	476
18			18				46.8	504
19			19				49.4	532
20			20				52.0	560

Multi color price list

Usual colors available: Black, White, Red, Yellow, Blue, Orange, Olive Green, Gray, Brown, and many different color combinations, such as Black+Red, Black+Orange+White, Black+Olive Green+Brown+Gray, etc.
Color ratio : 2:2 or 3:3 or as required.
Under the condition of the same thickness, the price of multicolor sheet is the same as that of solid color sheet.

CNC Cutting is available,USD 0.44/small piece f or thick less than 10mm.

Discount:We offer different discounts based on order quantity. Please contact sales staff for more information.

Guarantee

Quality: We guarantee that the color of the delivered product is the same as the color swatch, and the thickness and dimension tolerance of the delivered products are the same as that agreed in the contract. If there is any discrepancy, we accept returns and we will bear all the loss of return goods, and we are willing to bear the loss of the seller arising therefrom. The color inspection standard is the color swatch, and the thickness and dimension inspection tool is the vernier caliper. The results obtained by other inspection methods are not acceptable.

Delivery time: We guarantee to deliver goods to customers in strict accordance with the contract. We will pay 1% of the total amount to customers as compensation for each day of delay, except delay caused by force majeure such as political, natural disasters and so on.

Documents: We guarantee that the delivered documents will not cause customs clearance trouble to the buyer. If additional customs clearance fees or port fees are incurred, we are willing to bear them. Of course, if the buyer fails to provide information in time or provides wrong information, or if the documents made in full accordance with the buyer's requirement, we are not responsible for the loss.

Packaging: We guarantee that the packaging method is industry standard packaging. If the loss caused due to improper packaging, we will be responsible for the loss. We will take photos before delivery, we are not responsible for any loss caused by packing problem in transit.
